

## Slope Practice for 8 CP

**Assigned: Thursday 09/05/2019**

**Due: Tuesday 09/10/2019**

**18 points Homework Credit (Show your work!)**

- Please calculate the slope between the points listed below.
- Please use a separate piece of paper.
- Make sure your assignment title, name, date, and period are on the paper you will turn in.
- **Please write out the slope formula and show your work! Watch out for negatives!**
- **Do not give up. Use your notes and come in on Thursday, Friday, or Monday to ask for help if you require it (I'm assigning this early; don't wait). Try all the problems.**
